

POTTSTOWN CITIZENS FOR Enlightened LEADERSHIP

Pottstown's most valuable real estate "exempt"

The major source of local revenue for the Pottstown School District and Pottstown Borough is the real estate tax.

Pottstown has about 8,700 parcels, of which 310 are tax exempt. But these tax exempt parcels account for about 20 percent of the total value of Pottstown's properties.

In fact, more than half of Pottstown's 25 most valuable real estate parcels, shown below, are tax exempt.

Some tax exempt parcels, like public schools, serve local residents.

But many, like The Hill School, the

Wyndcroft School, the county Housing Authority, Creative Health, the YMCA and the community college, serve people from a wide area. Local residents are expected to carry their tax burden.

Pottstown real estate assessments have been falling for 20 years. While community leaders indulge in hopeful thinking about economic development, we must make better use of the resources we already have.

For a complete list of all real estate parcels in Pottstown, and their assessed value, see our website:
